KEN MARK S. LABOG

ASPIRING WEB DEVELOPER

Centro 1, Luna, Isabela | +63 905 664 1184 | kenmarklabog@gmail.com
kenmarklabog.online | github.com/keonmark

PROFESSIONAL SUMMARY

Aspiring Web Developer with hands-on experience building database-driven web applications through academic and capstone projects. Experienced in developing front-end interfaces, implementing back-end functionality, integrating relational databases, and creating practical features such as transaction management, QR-based attendance tracking, and automated reports. Familiar with Python, PHP, JavaScript, Django, HTML, CSS, and SQL, with additional exposure to LAN-based deployment, user access controls, and application security. Eager to contribute to real-world development projects while continuing to strengthen technical and problem-solving skills.

TECHNICAL SKILLS

Programming	Python, PHP, JavaScript, Java
Web Development	HTML, CSS, Bootstrap, Django
Database	MySQL, MariaDB, SQL
Tools & Platforms	Git, GitHub, Visual Studio Code, XAMPP
Additional	Responsive Design, Database Management, LAN Setup, Troubleshooting

PROJECTS

LAN-Based Campus Cashier Collection System — **Capstone Project**

Isabela State University – Cauayan Campus

- Developed a browser-based cashier system hosted on a central server and accessed by client computers over the campus local area network (LAN).
- Built transaction-management features for recording collections and maintaining transaction details, with role-based access for system users.
- Developed daily, monthly, and collection summary reports; added multi-factor authentication, audit logs, editable report remarks, and Excel export.
  - Technologies: Python, Django, MariaDB, HTML, CSS, JavaScript, Bootstrap, Waitress, and Caddy.

ADLOR – Attendance Data Logger for Organized Records — **Academic Project**

QR-Based Campus Event Attendance and Tracking System

- Developed a QR-based attendance solution for campus events, designed to record attendee check-ins and organize attendance information in a centralized system.
- Worked on the web interface and database-backed functionality using PHP, MySQL, HTML, CSS, and JavaScript; hosted on InfinityFree.

EXPERIENCE

Special Program for Employment of Students (SPES) Participant — **2022, 2023, 2024**

Municipal Local Government Unit (MLGU) of Luna, Isabela

- Selected for and participated in the SPES program in 2022, 2023, and 2024, completing assigned work in different municipal offices.
- Assisted with routine office tasks and day-to-day support activities as assigned by office personnel.
  - Adapted to different office environments, followed instructions, and coordinated with staff to complete assigned tasks.

EDUCATION

Bachelor of Science in Information Technology — *Isabela State University – Cauayan Campus* 2023–2027

Specialization: Networking and Security

Luna National High School 2022–2023

Secondary Education | With Honors

CERTIFICATIONS

Computer Systems Servicing NC II July 7, 2023 – July 6, 2028

Technical Education and Skills Development Authority (TESDA)

Information Technology Specialist (ITS) – Networking December 8, 2025

Certiport

Introduction to Cybersecurity January 30, 2026

Cisco Networking Academy

Networking Basics October 13, 2026
